

DUAL SHADE BLINDS

Practical and stylish,
this dynamic roller blind enables light
control whilst maintaining an outside view.

DUAL SHADE BLINDS

With its unique design, Dual Shade blinds are made up of two layers of opaque and sheer fabric which glide past each other, bringing varying degrees of sunlight into your home. Close the blind for full privacy or have them open to allow the light into your home

What's different?

Dual shade blinds are version of the popular new "Zebra" style blind, made from fabric which combines both sheer and opaque stripes, operating together to create the ultimate light controlling option
